

## 2017 Day Of Wedding Pricing

Our "Day of" wedding coverage includes photography time purchased, and high resolution photos delivered the day of your wedding, free web hosting for viewing, purchasing & sharing photos with family & friends, with no time limit. You (the client) would purchase the amount of coverage needed for your wedding, plus one hour. If you feel you need 6 hours of coverage, you would then purchase 7 hours. The final hour is reserved for a quick edit and uploading to your web gallery, where you would then download your photos at your leisure. (Uploading to your gallery is subject to internet availability at your venue location).

Note: you do have the option of upgrading to our "Premium Services" coverage at any time. If you choose to do so, you would then receive a full edit of your wedding plus a minimum of one canvas print and two standard prints.

\$175 per hour (4 hour min / 9 hour max)
